¹ Service categories used in this table are based on the National Health Accounts and differ from those used elsewhere to present program data. For example, expenditures for hospital based ICF-MR hospital based nursing homes and hospital based home health services appear as hospital care rather than nursing home care or as home health services.

⁴ Other professional services include private duty nurses, chiropractors, optometrists, and other licensed health professionals.

³ Includes non-facility based home health care and some Medicaid care delivered in homes.

² Freestanding nursing facilities only.

⁵ Excludes Medicaid SCHIP Expansion & SCHIP.

NOTES: Payments under the Medicaid program are more commonly referred to as medical assistance payments which include vendor payments and certain premiums or per capita payments. The Federal share of total Medicaid payments was 59 percent in calendar year 2000.
